ANGULAR MCQ

[Multiple Choice Questions]

AUGUST 30, 2021

MD RAKIBUL ISLAM ESAD-JEE (Diploma)

1.	Wŀ	nich command is used to create a new angular app?
	a)	ng create project_name
	b)	ng new project_name
	c)	Both A and B
	d)	None
2.	The	e angular-cli setup for the project created a template file called in the src/app folder.
		App.model.ts
	-	
	c)	app.component.js
	•	app.component.css
3.		nich decorator is used to provide the configuration information through the properties?
J .	a)	@Component
	b)	@NgModule
	c)	@RootModule
	•	All
4.	_	e command to build angular application for production is
	a)	
		Ng new
	c)	Ng build
	d)	Ng create
5.	Wŀ	nich of the following is correct about TypeScript?
	a)	Angular is based on TypeScript
	b)	This is a superset of JavaScript
	c)	TypeScript is maintained by Microsoft
	d)	All
6.	Wh	nich object-oriented terms not supported by Typescript?
	a)	Abstract Class
	b)	Classes
	c)	Interfaces
	d)	Modules
7.	Wŀ	nich file is acts as placeholder for basic angular app?
	a)	Main.ts
	b)	app.module.ts
	c)	index.html
	d)	app.template.html
R		ro-way bindings are used with HTML elements
٥.		Table
	•	Form
	c)	Div
	•	Heading
•	•	
9.	_	nich keyword is used to identify data or types that you want to use elsewhere in the application?
	a)	Import
	b)	Export
	c)	New
	•	Add
10.		nich keyword is used to define types that can be instantiated with the new keyword to create objects that
		ve well-defined data and behavior?
	-	Object
		Class
	c)	Prototype
	d)	Static

11.	Wh	nich of the following typescript feature is used to reduce the common JavaScript errors?
	a)	Export
	b)	Import
	c)	Both A and B
	d)	None
12.	Wh	nich of the following model passes data from component to template?
	a)	Root model
	b)	View model
	c)	Domain model
	d)	All
13.	Ang	gular configuration file name is:
	-	Package.json
		Composer.json
	-	Angular.json
	d)	Config.json
14.		which folder you will add the custom code and content for your application?
	a)	node_modules
	•	e2e
	c)	src
	d)	арр
15.		nich of the following command is correct for installing angular-cli?
		npm install -g @angular/cli
	-	npm install -global @angular/cli
		npm install -g angular/cli
		npm install -global angular/cli
16.		angular, controllers are called
	•	Module
	b)	component
	_	
	c)	service
	d)	model
17.	d) The	model e logic and data required to support the template are provided by its
17.	d) The	model logic and data required to support the template are provided by its Model
17.	d) The a) b)	model e logic and data required to support the template are provided by its Model Component
17.	d) The a) b) c)	model e logic and data required to support the template are provided by its Model Component Templates
	d) The a) b) c) d)	model e logic and data required to support the template are provided by its Model Component Templates Module
	d) The a) b) c) d) Wh	model e logic and data required to support the template are provided by its Model Component Templates Module nich directive can be used to set multiple style properties?
	d) The a) b) c) d) Wh a)	model e logic and data required to support the template are provided by its Model Component Templates Module hich directive can be used to set multiple style properties? ngClass
	d) The a) b) c) d) Wh a) b)	model e logic and data required to support the template are provided by its Model Component Templates Module nich directive can be used to set multiple style properties? ngClass ngStyle
	d) The a) b) c) d) wh a) b) c)	model e logic and data required to support the template are provided by its Model Component Templates Module hich directive can be used to set multiple style properties? ngClass ngStyle Both A and B
18.	d) The a) b) c) d) Wh a) b) c) d)	model e logic and data required to support the template are provided by its Model Component Templates Module nich directive can be used to set multiple style properties? ngClass ngStyle Both A and B None
18.	d) The a) b) c) d) Wh a) b) c) d) Ang	model e logic and data required to support the template are provided by its Model Component Templates Module nich directive can be used to set multiple style properties? ngClass ngStyle Both A and B None gular works on what page?
18.	d) The a) b) c) d) Wh a) b) c) d) Ang	model e logic and data required to support the template are provided by its Model Component Templates Module nich directive can be used to set multiple style properties? ngClass ngStyle Both A and B None gular works on what page? Round trip application
18.	d) The a) b) c) d) Wh a) b) c) d) Ang a) b)	model e logic and data required to support the template are provided by its Model Component Templates Module hich directive can be used to set multiple style properties? ngClass ngStyle Both A and B None gular works on what page? Round trip application Single page application
18.	d) The a) b) c) d) Wh a) b) c) d) Ang a) b)	model e logic and data required to support the template are provided by its Model Component Templates Module Sich directive can be used to set multiple style properties? ngClass ngStyle Both A and B None gular works on what page? Round trip application Single page application both
18.	d) The a) b) c) d) Wh a) b) c) d) c) d) d)	model e logic and data required to support the template are provided by its
18.	d) The a) b) c) d) Wh a) b) c) d) Ang a) b) c) d) Wh	model e logic and data required to support the template are provided by its Model Component Templates Module nich directive can be used to set multiple style properties? ngClass ngStyle Both A and B None gular works on what page? Round trip application Single page application both none nich of the following is a filter in Angular Js
18.	d) The a) b) c) d) Wh a) b) c) d) wh a) b) c) d) wh a)	model e logic and data required to support the template are provided by its Model Component Templates Module nich directive can be used to set multiple style properties? ngClass ngStyle Both A and B None gular works on what page? Round trip application Single page application both none nich of the following is a filter in Angular Js Currency
18.	d) The a) b) c) d) Wh a) b) c) d) Ang a) b) c) d) Wh a) b)	model e logic and data required to support the template are provided by its
18.	d) The a) b) c) d) Wh a) b) c) d) Ang a) b) c) d) Wh c) c)	model e logic and data required to support the template are provided by its Model Component Templates Module nich directive can be used to set multiple style properties? ngClass ngStyle Both A and B None gular works on what page? Round trip application Single page application both none nich of the following is a filter in Angular Js Currency

21.	Eac	h TypeScript file in the project acts as 4€"
	a)	Model
	b)	Module
	c)	Component
	d)	Both B and C
22.	ngN	Model directive used for-
	a)	One-way binding
	b)	Two-way binding
	c)	Refer element in the template
	d)	All
23.	whi	ich directive used to repeat a region of content for each item in an array
	a)	*ngFor
	b)	*ngSwitch
	c)	*ngIf
	d)	*ngLoop
24.	Wh	ich type of web application requires a lot of bandwidth?
	a)	One-page
	b)	Single-Page
	c)	Multiple-Page
	d)	Round-trip
25.	Тур	eScript is a language
	a)	Open Source
	b)	Closed
	c)	Free
	d)	All of the above
26.	The	style of development that Angular supports is derived through the use of pattern
	a)	pattern
	b)	Model-View-Controller
	c)	User-Logic-Model
	d)	Model-Template-Controller
27.	The	e decorator provides configuration information through its:
	a)	Properties
	b)	Object
	c)	Class
	d)	Method
28.	The	e GET method is, which means the operations you perform in response to this method should only
	reti	rieve data and not modify it.
	a)	Idempotent
	b)	Nullipotent
	c)	Both
	d)	Neither nullipotent nor idempotent
29.	wh	y creating view data is important in angular?
	a)	to simplify templates and their interaction with the component
	b)	to create relationship between models and app system.
	c)	to generate correct way to connect angular app
	d)	to connect angular with database
30.	Υοι	ı can define a function in two ways:
		function expression
		function component
	c)	function declaration

d) Both a & c

31.	Wr	nich command starts the Angular development tools:
	a)	Ng new
	b)	Ng serve
	c)	Ng run
	d)	Ng start
32.	Wŀ	nich of the following directive allows us to use form?
	a)	ng-include
	b)	ng-form
	c)	ng-bind
	d)	ng-attach
33.	Wŀ	nat do you mean by NPM ?
	a)	Node Package Manager
	b)	Node Packet Manager
	c)	Node Project Manager
	d)	Node Package Machine
34.	Но	w do you apply command to check node version?
	a)	nodejs -v
	b)	nodejs
	c)	node -v
	d)	node -version
35.	Jav	aScriptare used to manage the dependencies in a web application
	a)	modules
	b)	functions
	c)	files
	d)	components
26	WŁ	nich file contains the configuration details of angular development tools?
30.	•••	incli me contains the comiguration details of angular development tools:
30.		package.json
30.	a)	•
30.	a) b)	package.json
30.	a) b) c)	package-lock.json
	a) b) c) d)	package.json package-lock.json tsconfig.json
	a) b) c) d)	package.json package-lock.json tsconfig.json angular.json
	a) b) c) d) Wh	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request
	a) b) c) d) Wh a)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation
	a) b) c) d) Wh a) b)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request
37.	a) b) c) d) Wh a) b) c) d)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation
37.	a) b) c) d) Wh a) b) c) d)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request
37.	a) b) c) d) wh a) b) c) d)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is?
37.	a) b) c) d) Wh a) b) c) d) In a	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts
37.	a) b) c) d) wh a) b) c) d) ln a b)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts app.module.ts
37. 38.	a) b) c) d) wh a) b) c) d) ln a b) c) d)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts app.module.ts module.js
37. 38.	a) b) c) d) wh a) b) c) d) ln a b) c) d)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts app.module.ts module.js app.module.js
37. 38.	a) b) c) d) Wh a) b) c) d) in a b) c) d) wh a)	package.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts app.module.ts app.module.js app.module.js app.module.js
37. 38.	a) b) c) d) wh a) b) c) d) ln a b) c) d) wh a) b) c)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts app.module.ts module.js app.module.js nich command is used to create angular app? Angular new appName Ng create appName Ng new appName
37. 38.	a) b) c) d) Wh a) b) c) d) ln a b) c) d) wh a) b)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts app.module.ts module.js app.module.js nich command is used to create angular app? Angular new appName Ng create appName
37. 38.	a) b) c) d) Wh a) b) c) d) In a b) c) d) wh a) b) c) d)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts app.module.ts module.js app.module.js nich command is used to create angular app? Angular new appName Ng create appName Ng new appName
37. 38.	a) b) c) d) Wh a) b) c) d) In a b) c) d) wh a) b) c) d)	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts app.module.ts module.js app.module.js nich command is used to create angular app? Angular new appName Ng create appName Ng create new appName
37. 38.	a) b) c) d) wh a) b) c) d) ln a b) c) d) Wh a) b) The	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform Web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts app.module.ts app.module.ts app.module.js nich command is used to create angular app? Angular new appName Ng create appName Ng create new appName Ng create new appName le logic and data required to support the template are provided by its
37. 38.	a) b) c) d) Wh a) b) c) d) In a b) c) d) Wh a) b) The	package.json package-lock.json tsconfig.json angular.json nat is the main purpose of RESTful web services? To perform CRUD operation on HTTP Request To perform CRUD operation without HTTP Request To perform web request other than CRUD operation To perform CRUD operation with TCP/IP Request angular, Default root module name is? module.ts app.module.ts module.js app.module.js nich command is used to create angular app? Angular new appName Ng create appName Ng create new appName Ng create new appName e logic and data required to support the template are provided by its Model

	c)	Confidentiality
	d)	Authentication
43.	Wh	nich keyboard command is used to terminate any angular process?
	a)	Ctrl + c
	b)	Ctrl + p
	c)	Ctrl + z
	d)	Ctrl + d
44.	wh	ich models represent just data passed from the component to the template?
	a)	View models
	b)	Domain models
	c)	Service models None
45.	Ang	gularJS directives we used in
	a)	Model
	b)	View
	c)	Controller
	d)	Module
46.	Ho	w do you install the npm package?
		npm install PackageName
	-	pm install PackageName
		pm PackageName
	d)	Ng create new appName
47.	Тур	peScript is superset of JavaScript
	•	True
	•	True False
48.	b)	
48.	b) Wh a)	False nich ng command performs the production build process? Ng start
48.	b) Wh a) b)	False sich ng command performs the production build process? Ng start Ng lint
	b) Wh a) b) c)	False nich ng command performs the production build process? Ng start Ng lint Ng build
	b) wh a) b) c) d)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest
	b) wh a) b) c) d)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for?
	b) wh a) b) c) d) wh	False nich ng command performs the production build process? Ng start Ng lint Ng build Ngtest nat does CSS stand for? Cascading Style Sheet
	b) wh a) c) d) wh a) b)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for? Cascading Style Sheet cascading Sheet of Style
	b) wh a) b) c) d) wh a) b) c)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for? Cascading Style Sheet cascading Sheet of Style Cascading Style Sheets
	b) wh a) c) d) wh a) b)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for? Cascading Style Sheet cascading Sheet of Style
	b) wh a) b) c) d) wh a) b) c)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for? Cascading Style Sheet cascading Sheet of Style Cascading Style Sheets
	b) wh a) b) c) d) wh a) b) c)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for? Cascading Style Sheet cascading Sheet of Style Cascading Style Sheets
	b) wh a) b) c) d) wh a) b) c)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for? Cascading Style Sheet cascading Sheet of Style Cascading Style Sheets
	b) wh a) b) c) d) wh a) b) c)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for? Cascading Style Sheet cascading Sheet of Style Cascading Style Sheets
	b) wh a) b) c) d) wh a) b) c)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for? Cascading Style Sheet cascading Sheet of Style Cascading Style Sheets
	b) wh a) b) c) d) wh a) b) c)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for? Cascading Style Sheet cascading Sheet of Style Cascading Style Sheets
	b) wh a) b) c) d) wh a) b) c)	False sich ng command performs the production build process? Ng start Ng lint Ng build Ngtest at does CSS stand for? Cascading Style Sheet cascading Sheet of Style Cascading Style Sheets

41. Angular applications are built around a design pattern called Model-View-Controller (MVC)

42. Which security mechanism uses the concept of a realm?

a) Trueb) False

a) Authorizationb) Data integrity
